

CARVEKIN

Free pumpkin carving stencils

12 stencils, one per page, each 180 mm (about 7 inches) wide.

How to print

1. Print at 100% or "Actual size". Never use "Fit to page".
2. Measure the 50 mm bar on each page before you carve.
3. Tape the page to a pumpkin with a smooth face at least 9 inches across.
4. Poke along the lines with a pin tool, then cut the BLACK areas with a kit saw.
Black is cut away and glows. White stays as pumpkin.

Every stencil passed CarveKin's carving checks: every piece stays attached and meets the minimum width check. Real pumpkin strength still depends on your pumpkin.

Stencils in this pack: Beagle, German Shepherd, Yellow Labrador, French Bulldog, Dachshund, Husky, Corgi, Pug, Siamese Cat, Orange Tabby Cat, Bat, Classic Jack-o'-Lantern Face.
